Reception ..... Alabama Ballroom I and II

Reception Entertainment Provided by the Music Department  
of James H. Faulkner State Community College

*We would like to acknowledge the helpful suggestions and hard work of a special corps of dedicated individuals who worked to carefully organize each aspect of this recognition program. Special thanks to Debbie Dahl, Trish Perry, Ginger Smith, Jane Turnham and Tony Harris of the Alabama Department of Postsecondary Education.*

To the Members of the Class of 2002 Chancellor's Awards and Art Exhibition Winners:

Outstanding administrators, faculty, support staff, and students make The Alabama College System one of the best systems of postsecondary education in the United States. The success of the colleges that comprise The Alabama College System can be attributed to those who have taught, managed, and supported the mission of providing access to quality educational programs to more than a million students during the past 30-plus years.

The System is made up of thousands of employees who are deserving of recognition for their daily commitments and contributions. It is impossible to recognize each individual; however, the System recognizes annually the contributions and accomplishments in four major employment categories and for outstanding artistic talents.

The Class of 2002 Chancellor's Awards and Art Exhibition are examples of the outstanding talent and accomplishments of many who contribute to the success of The Alabama College System. This year's award recipients are assets to the colleges of the System, local communities, and the state of Alabama. To each award winner, I extend my congratulations and my appreciation for your efforts and talents. I also am grateful for your commitment to make Alabama better through The Alabama College System.

Roy W. Johnson, Chancellor

To the Members of the Class of 2002 Chancellor's Awards and Art Exhibition Winners:

It is my pleasure to honor those who directly and indirectly provide educational services to tens of thousands in The Alabama College System each year. You can be proud that you have earned special distinction among the best administrators, faculty members, and support workers at postsecondary education institutions in the United States.

The Alabama College System helps improve lives every day, and you are leading in that effort. It has been my opportunity for many years to be part of a two-year college system that is making a difference in the lives of thousands in Alabama. Your expertise, knowledge, understanding, and hard work make it possible to prepare students for a successful future. We are proud of you and pleased to recognize your commitment and dedication.

We take this opportunity to publicly acknowledge and recognize the administration, faculty, support staff, and students of The Alabama College System through these recognition programs. Congratulations and God bless you.

Ethel H. Hall, Vice President  
Alabama State Board of Education
